(To be executed by Owner/Agent and/or Tenant, Building & Electrical Contractor)

The undersigned understand that the temporary-electrical approval by the Coral Springs Building Department given in connection with the building being constructed under the permit application number referenced herein is being given only for construction purposes or for testing the following installations being made in said structure.

Sub-paragraph 104.12.2.4 of the Florida Building Code provides for a 30-day maximum approval, only if an URGENT NECESSITY for electric current exists.
